

Project Proposal

Name:

Date:

Version:

Project title

(Can be a working title)

Subject / Concept / Question (150 words)

Describe your project: identify your subject and your interest in it

Methodology / Approach (200 words)

How do you plan to carry out the project? What photographic materials / tools / skills are required? Do you intend to learn new skills? How will they be used?

Research / Key references (200 words)

How will you conduct the research required to support the project? What types of primary and secondary research; visual, interviews, films, philosophical will be carried out?

Context / Audience (200 words)

Who is this work for? Where do you want it to be seen? And who do you want to see it? Consider the response you'd like the audience to have; how might they see the work (will it be published, exhibited, etc.).

Visual notes:

Please add two initial key images. Add a short description (**50 words each**)

Fig 1.

Fig 2.
